REBURID

. . . . that's the theme of our '75 annual.

The dictionary definition of REBIRTH is change and revival. That is what we have tried to do this year to revive and create new ideas for the year-book.

We wanted to present a different, creative, and hopefully better yearbook. The times are changing, feelings are changing, moods are changing. . . . and most of all YOU are changing.

A new name, new ideas, new designs from cover to cover . . . symbolize REBIRTH a new beginning.

From all of us . . . to all of you . . . This is our CREATION.

Walkin'

down this rocky road

Wonderin'

where my feet are goin'

holdin' on till the end.

Finding out

along the way

What it takes to keep from changing.

You should know how it feels.

I am the same

Life's just a game I chose to play.

My only light

keeps fading,

blindly searching

For a new beginning.

Many miles and many tears

have finally brought

Rebirth.

Now

I'm on my feet again

As different things

begin to happen

Letting life

blossom on its own.

The times I had

brought many changes

and I've finally made it.

So I picked up my memories

and walked on.

HOMECOMING

" " " "

UP, UP, AND AWAY!!

Spirit had been building up for the past week—just for this night. Corsages, poster making, pep rallies, and decorating for the dance gave everybody that "winnin' feelin".

The homecoming court was chosen and the band was busy preparing their half time show.

The team really put forth the effort and the half time score was 0-0. The five Seniors leaving can remember their last homecoming game with pride. Coach Kiser kept the spirit alive . . . and like a dream come true . . . 14-6 . . . WE WON!!!!

Umm, Umm, Good!!

Not tonight, Titans, Not tonight!!

Practice for the band began early in the year, as newcomers learned and the experienced tried to remember.

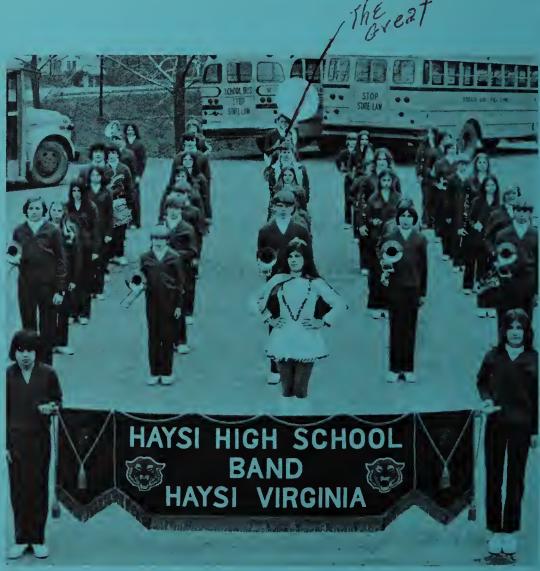

H.H.S. Marching Band Revived

Mr. Bruce Rush, the new director, has really gotten the band in shape and back on its feet.

This is the first year in AGES that the band has been playing and marching at the football games. This year they also performed in the Xmas parade and other activities, led by head majorette, Sandy Presley.

The school is very proud of our marching band and their efforts to rebuild.

Tigerettes Claim Second Place in District

Our theme began to catch fire as we watched a quickening of the Haysi Tigerettes. It's a new ballgame, some new superstars, and a new excitement!

Girls Basketball is on the rise again at H. H. S. With a great team of girls and a good coach, the Tigerettes finished the season with a record of 13-1, placing them 2nd in the Clinch Valley District. This year District. . . next year who knows! On to bigger and better things.

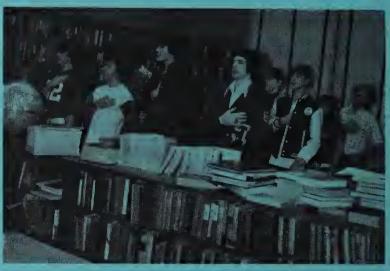

While at Haysi, the visiting committee stayed at beautiful Breaks Interstate Park. This was a new experience for the committee. They had to learn how to drive along our winding roads, between the chug-holes, and how to get out of the way of movin' coal trucks—fast!!

Evaluation—probably the most talked about subject at school this year. Like our new name, our theme, like our whole annual . . . it's new and different.

In April every aspect of our school underwent evaluation. Months and months were spent in hard work and preparation, and the evaluating committee arrived. A time of testing . . . and we survived.

The Clubs were evaluated.

Evaluation Comes To H.H.S.

Miss Evans, as usual, active in preparing for evaluation.

OPENING NIGHT

Bang....Swish....bang....clank....are the sounds everyone has been hearing from the stage since the beginning of the year. After several years of absence of a Drama dept.—Speech-n-Drama is back again! The Speech-n-Drama class has been cleaning, repairing, rebuilding, painting and making flats, and designing sets for the Talent Show. All year long everyone has really worked hard in preparation for their children's play "The Troll Who Believed in People." Now that the Drama dept. is back on its feet, high hopes and big plans are in store for next year.

opening night fear and excitement "Do I look O.K.??? . . . cue cards . . . flats . . . smiles Just LOOK at all those people "I'm so nervous" . . . tears and paint carpenters curtain calls a success.

"A Night at the Scarlett Garter"

The Juniors began to build their Prom with ideas in early November. After weeks of divergent opinions and heated discussions, the theme was decided upon and the idea began to grow.

After a nation-wide search for parachutes, a community-wide search for tables, and a school-wide search for red light bulbs the prom slowly became a reality.

On the evening of April 27, 1974, "A Night at the Scarlett Garter" finally arrived. Juniors, Seniors, and their dates were taken back into the days of nightclubs and gangsters. "Leather" provided fantastic sounds until midnight. "A Night at the Scarlett Garter" will always be remembered.

VIVIII)XI SILVOIQNY)

It really takes a lot of determined effort to put out a successful yearbook. We've worked hard and we think it's paroff. We're very proud of our CREATION for '75. But we take even more pride in the fact that we had the privilege working with such a marvelous person as Mrs. Slusher. Without her, our CREATION would not have been possible. We certainly made our fair share of mistakes, but she was always there to help make them right again. An with her presence was always that wonderful sense of humor and genuine glow of warmth and understanding. Sto you Mrs. Slusher we'd like to say:

"Thanks" for putting up with us and for helping us make our CREATION a success. But most of all, THANKS FO BEING YOU.

WE LOVE WOL

Kathy: As editor of the paper I would just like to say... Debbie: Wait Mi Slusher, I know if I think long enough I'll be able to say "something" god about you. Tony: Sorry can't talk now, gotta finish this deadline. Sandy: Mrs. Slusher, I've not gone beserk just because we're a little behing schedule, I just like ink pens. Reva: You can't make me say anything about make me say anything about the say anything a

administration

"Administration" is a word of many meanings. To some it means assigned study halls and no more smoking in the bathrooms. But to others the Administration is the direction of all school-related activities

The chief figure in the smooth operation of the school is our principal, Mr. Erdman Mullins. Behind the scenes he handles parent conferences, faculty meetings, school board decisions, and the technical aspects of running a high school.

In keeping with the smooth operation of the school, he has been open to student suggestions. Several new policies have been instigated, some of which are the new student handbook, up-todate dress code, and the new 10-day attendance policy.

Another key factor in the smooth operation of our school is our assistant principal, Mr. Finis McCoy.

Always in a cheerful mood, Mr. McCov assists with the numerous office difficulties, and yet still manages to relate to student problems. In addition to his office duties and concerns, Mr. McCoy also teaches an English class.

Mr. McCoy is always on hand to listen to complaints, to explain and help with problems, and to just generally be there when he's needed.

On behalf of the entire school, the students would like to let you know that we appreciate your help and concern. We sincerely extend to you the best of everything that life has to offer.

guidance

Our guidance counselor, Mrs. Negatha Powers, is more than an advisor — she has been the friend that many students needed.

As an advisor, Mrs. Powers listens to individual problems and offers her opinions and direction. As a counselor she is involved in student difficulties, and as a friend she is always ready to help or just listen.

Behold, I set before you this day a blessing and a curse; if ye obey the commandments of the LORD your God, which I command you this day; And a curse, if ye will not obey the commandments of the LORD your God, but turn aside out of the way which I command you this day, to go after other gods, which ye have not known.

A LOT OF HARD WORK

And that we did, keeping the road hot soliciting ads, facing the agony of deadlines, and struggling through the terror of late pictures.

Even though it's a lot of hard work it's also . . .

CAPTURING THE FUN TIMES

You never realize just how much "fun" and happiness we really have, until you've captured those moments as we have here.

Jewelry's Finest Craftsmen

Attleboro, Massachusetts 02703 Our theme "Rebirth" describes the changes our school is going through. But with all these changes there are still a few things that remain the same, like devotion to a single goal. Our goal, putting out the 1975 yearbook, would never have been possible without many people. These people I would like to thank. Thanks to:

Reva for being such a dependable business manager. Paula and Kathy

Thanks to:

. . . Reva for being such a dependable business manager . . . Paula and Kathy whose many hard working hours developed that terrific introduction which gives the whole book meaning . . . Tony, Robbie, Ronnie, and Jessie for the most active sports section ever . . . Kitty, Sandy, Enola and Sherry for giving the underclassmen a chance to shine . . . Sandy for her terrific artistic abilities . . . Susie for capturing the scenes of the school . . . Debbie for her wonderful assistance which added many interesting things to the annual . . . Ernie Olmstead, our company representative, who taught us everything we know . . . Mrs. Slusher whose understanding and patience got us through the year . . . our parents for putting up with us . . . the faculty for not losing their cool when we interrupted their classes so many times . . and the administration and student body for their support . . .
